

RGBCW LED G4 BI-PIN LAMP

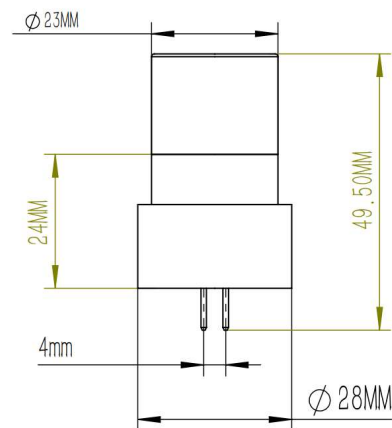

Description

Low voltage smart control landscape LED G4 Bi-pin lamps; RGB color changing and 2200K to 5000K tunable; Controllable via both App and remote controllers; Die cast aluminum lamp housing, coupled with thermal fold-back LED driver to ensure the lamp last longer; Up to 65 ft effective distance and once grouped it requires no signal boosters. Specifically designed optic suitable for RGBW lighting. Ideal choice for drop-in fixtures carrying G4 Bi-pin type lamps.

Features

- Color changing and CCT tunable
- Control by App and remote controllers
- Die cast aluminum lamp housing
- Zoning, timing, sync functions by App control
- Overheat protection
- IP61
